Workshop/Masterclass by Akram Khan

Drawing inspiration from Kathak (Indian Classical Dance) and release based contemporary dance, Akram will introduce participants to a personalised technique which he has developed through his own rigorous training and experience in both of these disciplines. The classes will focus on fast rhythmical patterns, relationship with the floor, de-constructing the principles of Kathak and introducing participants to the structures and physical dynamics of Akram's own work.

Participants will be expected to have a creative input and examine with Akram various methods of improvisation leading to the development of their own material and movement ideas/structures.

Maximum Number of Participants: 25

Length: 2 Hours

Level: Semi Professional, Professional

Dance background: Contemporary Dance, Classical Ballet.
